THIS MATRIX IS BASED UPON CORE UK GOVERNMENT RESTRICTIONS AT LEVELS 2 & 3 - YOU MUST CHECK FOR ADDITIONAL LOCAL RESTRICTIONS WITH YOUR LOCAL AUTHORITY																

Notes:

1. In Government COVID guidance, Youth U18 is defined by age on the day of the activity not age on the first of September.
2. All youth/child, disability and education activity is exempt from the Rule of Six, except where youths are required to form a group of six with one or more adults; in those circumstances the youth (U18) should observe the Rule of Six for the duration of the event/activity.
3. You must check local restrictions with your local authority if the venue is in a Level 2 or 3 area or if you live in a Level 2 or 3 area.
4. Government COVID guidance states that 'you should try to avoid travelling outside the very high alert level area you are in or entering a very high alert level area, other than for things like work, education or youth services, to meet caring responsibilities or if you are travelling through as part of a longer journey'. It also states that 'you should continue to ... travel to venues or amenities that are open, for work or to access education, but aim to reduce the number of journeys you make'.
5. The ECB is awaiting clarification from DCMS on whether or not 1:1 Coach: Adult coaching is permitted at Local COVID Alert Levels 2 & 3 – we shall provide an update on this as soon as possible
6. University cricket comprises representative organised cricket for the university, college or intra-mural teams but does not include recreational cricket for university students – this would fall under recreational and not education COVID guidance.
7. For the purposes of COVID guidance, elite athletes are defined in the UK Government Elite sport return to training guidance: Stage One document. Indoor training and competition for elite athletes should be carried out in full accordance with the relevant government guidance for elite sport return to training and competition (in particular Stage 2 training guidance) and the latest ECB Science and Medicine Guidance. * ECB Science and Medicine Guidance is currently being revised and will be issued to relevant organisations shortly.
